 An intuitive management dashboard allowing you to prioritise and manage concerns with ease.

OUR ESSENTIAL MODULES

Live Thumbnail View 

Live Thumbnail View

Monitoring made easy, with the option to take control of devices if help is required.

Remote Control

Take control of devices with ease. Easily assist a user or take control of a single device, or of multiple devices.

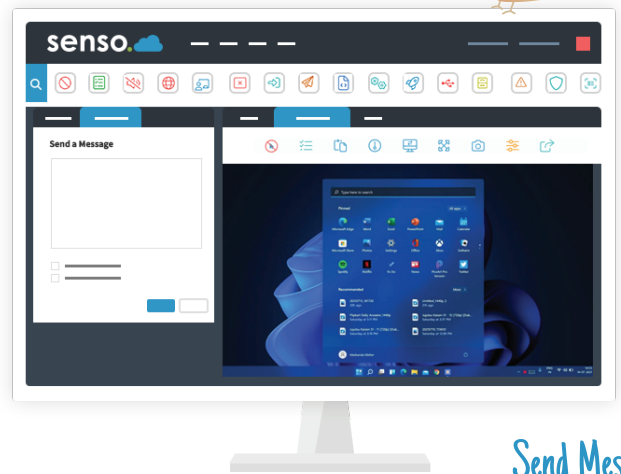

Send Message

Send a message to a single student or to multiple students. Prompt students in just a few clicks.

Substitute Teacher

Share groups with substitute teachers or teaching aids. Administrators can invite a substitute teacher to see all of their required classes.

Send Message

Microsoft Teams Sync

Effortlessly sync your school or business' Microsoft Teams groups automatically for easy screen access.

Google Classroom Sync

Your school Google Classroom groups can be synced automatically for easy screen access.

Azure AD 

Azure AD

Azure AD allows access to grouping and user-based information. Allows automatic sync to pull.

Client Updater

Update your client in just a single click or schedule an update for a more convenient time.

SAFEGUARDING STAFF & STUDENTS

Email Alerts

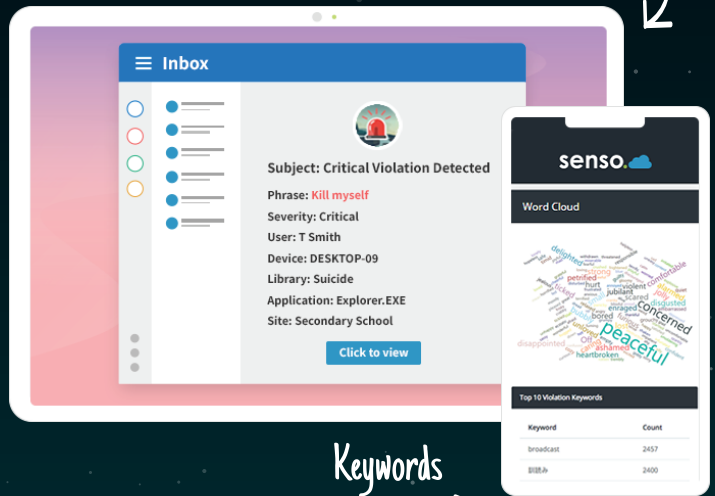

Email Alerts

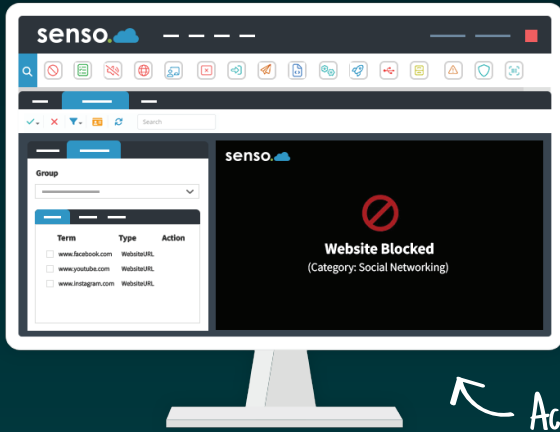

Senso will instantly alert you via email if any urgent or critical violations are triggered.

Keywords

We work with leading charities to ensure the most up-to-date keywords are enhancing your safeguarding efforts and abilities. You can also add your own keywords that may be specific to your local area, school or business.

Keywords

Access

Access

Quickly and easily block access to resources such as websites or applications.

Client Live Chat

Engage a two way chat between a console and client user to offer help or advice during the lesson.

AUP

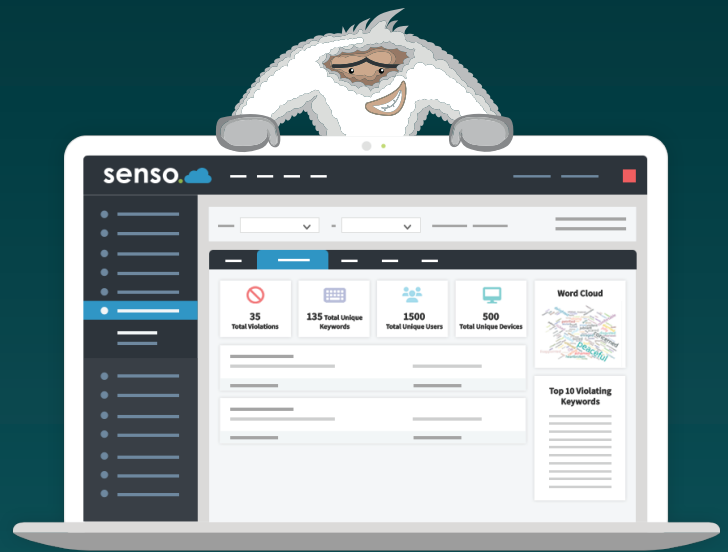

Acceptable User Policies for the user, shows the first agreed and last agreed information.

Logging and Blocking

Records URL history and allows you to take screenshots based on the keywords entered by the user. This module can also ignore specific URLs and keywords if desired.

Allow Apps

Restrict access to specific applications or allow only one application on a single device or on multiple devices.

Logging and Blocking

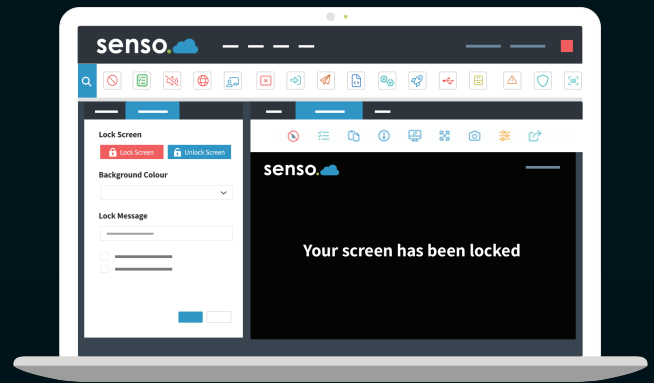

Lock Screen

Lock the screens of all selected devices, grab everyone's attention with a customisable message.

Raise Concern

A tool allowing users to anonymously report a concern about themselves or someone else electronically, with the ability to take screenshots if appropriate.

Lock Screen

Launch

Open an application or a specific website for the entire class to keeps students on target.

Send File

Access and send files from anywhere to single or multiple devices. Send File has the ability to run files as an administrator.

Send File

AI Driven Visual Threat Detection

Only Senso offers a visual threat intelligence feature as a standard component in its Safeguarding Cloud bundle, providing early stage actionable intelligence to protect students, identify potential victims and prevent harmful content.

Visual content is everywhere - you can view, save and share easier than ever before. Senso provides a unique solution with visual threat technology driven by categories not general image labelling.

OUR PARTNERSHIP WITH PSP

With 20+ years of experience working in senior leadership roles in education, our technology professionals will act as your digital lead. We'll ensure your technology delivers value for money and complies with the latest guidance from the DfE.

As a Senso partner, we can provide quick and easy installation of Senso software and deploy the tool across all your school devices. The service we offer is customisable based on your school size, integrations, licensing, and features, and more.

When you purchase your Senso solutions through PSP, you benefit from fully supported implementation and deployment, on-demand customer support, along with advice from our technical consultants.
